The Doctor Can See You Now

London, UK - 16 JANUARY, 2007: 3G Doctor, the world's first service to enable 3G video calling with Doctors, has been featured within a Mobile Commerce Report by the Directorate for Science, Technology and Industry Committee on Consumer Policy for the Organisation for Economic Co-operation and Development (OECD)

The report was prepared by Mr. Yoshiaki Takahashi as part of the CCP work (www.oecd.org/sti/consumer-policy) and was agreed for declassification by written procedure on 22 December 2006.

The full report can be downloaded at www.oecd.org/dataoecd/22/52/38077227.pdf

About 3G Doctor Limited

3G Doctor is a registered Doctor led service that provides UK adults (aged 18+) with affordable, private round the clock 3G Video Call access to their medical information and the advice of highly trained General Medical Council registered Primary Care Doctors. These carers are waiting to answer queries, diagnose medical problems and recommend treatments. The service is an important development in the mobile pervasive future of healthcare and has been created to help meet the evolving need for remote access to the regulated advice of qualified and registered Doctors.
