The Doctor Can See You Now

London, UK - 16 APRIL, 2007: 3G Doctor, the world's first service to enable 3G video calling with Doctors, is quoted within a Red Herring cover page editorial following the monster 3GSM Conference and Exhibition in Barcelona.

Moving web services to phones looks like it's finally happening. Carriers, please step aside...

"Call the Doctor

Another promising area is mobile healthcare. In the U.K, privately held, Windsor based 3G Doctor offers patients personal consultations over their third-generation (3G) video phones."

About 3G Doctor Limited

3G Doctor is a registered Doctor led service that provides UK adults (aged 18+) with affordable, private round the clock 3G Video Call access to their medical information and the advice of highly trained General Medical Council registered Primary Care Doctors. These carers are waiting to answer queries, diagnose medical problems and recommend treatments. The service is an important development in the mobile pervasive future of healthcare and has been created to help meet the evolving need for remote access to the regulated advice of qualified and registered Doctors.
