About The Medical Quack Blog

Written by Barbara Duck this blog intends to raise the bar and participation of the health industry to venture from the comfort zone and take that extra step to bring the reality of Health IT Technology to all. By recognizing real success stories, large and small this blog intends to share these to keep the momentum going and hopefully motivate others to take the challenge to move outside the comfort zone and make a difference.

About 3G Doctor Limited

3G Doctor is a registered Doctor led service that provides UK adults (aged 18+) with affordable, private round the clock 3G Video Call access to their medical information and the advice of highly trained General Medical Council registered Primary Care Doctors. These carers are waiting to answer queries, diagnose medical problems and recommend treatments. The service is an important development in the mobile pervasive future of healthcare and has been created to help meet the evolving need for remote access to the regulated advice of qualified and registered Doctors.
